## Statement of intent

St Nicholas CE Primary understands that using online services is an important aspect of raising educational standards, promoting pupil achievement and enhancing teaching and learning.

The use of online services is embedded throughout the school; therefore, there are a number of controls in place to ensure the safety of pupils and staff.

The breadth of issues classified within online safety is considerable, but they can be categorised into three areas of risk:

- **Content:** Being exposed to illegal, inappropriate or harmful material, e.g. pornography, fake news, and racist or radical and extremist views.
- **Contact:** Being subjected to harmful online interaction with other users, e.g. commercial advertising and adults posing as children or young adults.
- **Conduct:** Personal online behaviour that increases the likelihood of, or causes, harm, e.g. sending and receiving explicit messages, and cyberbullying.

We recognise that our pupils bring with them a wide variety of behaviours influenced by life experiences outside school. We aim to respond to each case professionally, objectively and compassionately. We are sensitive when working with children and families with specific needs and experiences and we continuously seek ways to promote successful partnerships.

The basis of differentiation will vary dependant on the needs of each case but we will take into account the views of parents and families, colleagues and external agencies together with any Statement of Special Educational Need or Education, Health and Care Plan. We will also ensure compliance with the trust's Equality Policy taking into account pupils with protected characteristics and making reasonable adjustments for pupils with a disability within the meaning of the Equality Act 2010.

Both the school and trust respects the Public Sector Equality Duty (PSED) that requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities. By following the trust's Equality Policy, the school seeks to eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by such legislation.

This policy should be read in conjunction with the Trust's Equality Policy.

2.3. The DSL is responsible for:

- Taking the lead responsibility for online safety in the school.
- Acting as the named point of contact within the school on all online safeguarding issues.

- Liaising with relevant members of staff on online safety matters, e.g. the SENCO and ICT technicians.
- Ensuring online safety is recognised as part of the school's safeguarding responsibilities and that a coordinated approach is implemented.
- Ensuring safeguarding is considered in the school's approach to remote learning.

- Reporting online safety incidents and concerns in line with the procedures within this policy.

### **3. The curriculum**

3.1. Online safety is embedded throughout the curriculum; however, it is particularly addressed in the following subjects:

- RSE
- Health education
- PSHE
- Computing

3.2. The curriculum and the school's approach to online safety is developed in line with the UK Council for Child Internet Safety's 'Education for a Connected World' framework and the DfE's 'Teaching online safety in school' guidance.

3.3. Pupils are taught the underpinning knowledge and behaviours that can help them to navigate the online world safely and confidently regardless of the device, platform or app they are using.

3.4. Online safety teaching is always appropriate to pupils' ages and developmental stages.

3.5. The underpinning knowledge and behaviours pupils learn through the curriculum include the following:

- How to evaluate what they see online
- How to recognise techniques used for persuasion
- Acceptable and unacceptable online behaviour

- How to identify online risks
  - How and when to seek support
- 3.6. The DSL is involved with the development of the school's online safety curriculum.
- 3.7. The school recognises that, while any pupil can be vulnerable online, there are some pupils who may be more susceptible to online harm or have less support from family and friends in staying safe online, e.g. pupils with SEND and LAC. Relevant members of staff, e.g. the SENCO and designated teacher for LAC, work together to ensure the curriculum is tailored so these pupils receive the information and support they need.
- 3.8. Class teachers review external resources prior to using them for the online safety curriculum, to ensure they are appropriate for the cohort of pupils. When reviewing these resources, the following questions are asked:
- Where does this organisation get their information from?
  - What is their evidence base?
  - Have they been externally quality assured?
  - What is their background?
  - Are they age appropriate for pupils?
  - Are they appropriate for pupils' developmental stage?
- 3.9. External visitors may be invited into school to help with the delivery of certain aspects of the online safety curriculum. The Head Teacher decide when it is appropriate to invite external groups into school and ensure the visitors selected are appropriate.
- 3.10. Before conducting a lesson or activity on online safety, the class teacher and DSL consider the topic that is being covered and the potential that pupils in the class have suffered or may be suffering from online abuse or harm in this way. The DSL advises the staff member on how to best support any pupil who may be especially impacted by a lesson or activity.
- 3.11. Lessons and activities are planned carefully so they do not draw attention to a pupil who is being or has been abused or harmed online, to avoid publicising the abuse.

- 3.12. During an online safety lesson or activity, the class teacher ensures a safe environment is maintained in which pupils feel comfortable to say what they feel and are not worried about getting into trouble or being judged.
- 3.13. If a staff member is concerned about anything pupils raise during online safety lessons and activities, they will make a report in line with sections [15](#) and [16](#) of this policy.
- 3.14. If a pupil makes a disclosure to a member of staff regarding online abuse following a lesson or activity, the staff member will follow the reporting procedure outlined in sections [15](#) and [16](#) of this policy.

#### **4. Staff training**

- 4.1. All staff receive safeguarding and child protection training, which includes online safety training, during their induction.
- 4.2. Online safety training for staff is updated annually and is delivered in line with advice from the three local safeguarding partners.
- 4.3. In addition to this training, staff also receive regular online safety updates as required and at least annually.
- 4.4. The DSL and any deputies undergo training to provide them with the knowledge and skills they need to carry out their role, this includes online safety training. This training is updated at least every two years.
- 4.5. In addition to this formal training, the DSL and any deputies receive regular online safety updates to allow them to keep up with any developments relevant to their role. In relation to online safety, these updates allow the DSL and their deputies to:
  - Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and capability required to keep pupils safe while they are online at school.
  - Recognise the additional risks that pupils with SEND face online and offer them support to stay safe online.
- 4.6. All staff receive a copy of this policy upon their induction and are informed of any changes to the policy.

16.5. Pupils not using devices or software as intended will be disciplined in line with the Behaviour Policy.

16.6. The school will risk assess the technology used for remote learning prior to use and ensure that there are no privacy issues or scope for inappropriate use.
